EDUCATION

B.Tech, Computer Science & Engineering
MIT ADT University

2023 - 2027

ABOUT ME

I'm a second-year Computer Science and Engineering student at MIT ADT University, specializing in Cloud Computing. I enjoy building websites using HTML, CSS, and JavaScript, and I'm exploring Python for backend development. I'm passionate about learning new technologies, enhancing user experiences, and bringing ideas to life through clean, creative code.

PORTFOLIO

PROJECTS

- To-Do List Web App**

Apr 2025 - May 2025

Developed a responsive task management app using HTML, CSS, and JavaScript, featuring localStorage-based data persistence with add, edit, complete, delete, and filter functionality.

- Event-management-system**

Jan 2025

Built a responsive Event Management System using HTML, CSS, and JavaScript with features like event creation, user registration, admin dashboard, live search/filter, dark mode, and localStorage-based data persistence.

- Hotel Booking Website**

Mar 2025

A responsive hotel booking platform built with HTML, CSS, and JavaScript. Features include dynamic pricing based on user input, date selection, room and guest options, and a modern UI for seamless user experience.

- Personal Portfolio Website**

May 2025 - Present

Designed and developed a responsive portfolio website using HTML, CSS, and JavaScript to showcase skills, projects, and professional info. Features include dark/light mode toggle, animated typing effect, smooth scroll navigation, and social media integration for GitHub and LinkedIn.
